

Northamptonshire Children's Trust

Safeguarding & Support – Service Manager

Kettering & Wellingborough

£50,795 to £62,474

Our Service

Children's Services at Northamptonshire are in an exciting period of significant transformation as we move into a Children's Trust which will deliver services for two new unitary authorities across the county.

Children's support and safeguarding teams complete work with children who are subject to child protection plans, child-in-need plans and Public Law Outline/initial care proceedings. They also support multi-agency practice in completing pre-birth and parenting assessments and work with adolescents focusing on contextualised safeguarding.

Utilising a relationship-based approach, where the young person is at the heart of everything we do, the service will undertake assessments, both statutory and non-statutory, and will focus on intensive, direct work to meet complex needs and manage associated risks. Some packages of support will be led by social workers, others by lead professionals from across the service, including from CFN's partners. The service wants good outcomes for young people and for them to be safe; adequately housed and supported (with their families wherever possible); physically and emotionally healthy and achieving good outcomes through education, training or employment.
